ordered the grant to the Society of a plot of ground, 2 acres in extent, on the East Int Flaces, for the purpose of constructing a building, to be completed within two years of the grant. An encumbrance of land for a decent approach was also directed to be given.

Though the above order was passed on the 17th March 1906, the Theosophical Society has not yet been able to secure possession of the site; and the President apprehends that any further delay will affect prejudicially the interests of the Society. (I can speak from personal knowledge to the inconvenience which the members are put to by not all these years of having a building of their own).

In view to the difficulty in the way of the handing over of the land granted, the President of the Society requests that an equivalent plot of land immediately to the south of, and adjoining, the City Institute, may be granted to the Society in lieu of the former. This request was

From

Y. Sreenivasa Rao, Esq , B.A.,

President, the City Branch Theosophical Society.

To

The Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Deparments,

Bangalore

Sir,

I beg to bring to your kind notice that Government were pleased so long ago as 17th March 1906 to sanction a plot of land about 2 acres in extent, for constructing a building for the City Branch of the Theosophical Society at the South Fort glacis opposite to the City Institute

We have not yet been placed in possession of the site, and as the building is to be constructed from funds raised from members and sympathisers, and any further delay in obtaining possession of a suitable site will, we fear, affect prejudicially the interests of the Society

Since there seems to be some difficulty in the way in filling up the Fort trench and handing over the land already sanctioned to the Society, I beg to request that, as an alternative, the same extent of land may be kindly granted to the Society out of land lying adjacent to and South of the City Institute, and directed by the Government to be acquired for the extension of the Bangalore City

As it is the intention of this Lodge to invite shortly Mrs Besant to lay the foundation stone of the building to be erected, I request that you will be good enough to move Government to sanction to us an equivalent extent of land adjacent to the City Institute. The proximity of two such institutions, all
